A SILENT CRISIS ON THE FRONTLINES OF OUR COMMUNITIES.

First responders—including firefighters, emergency medical services (EMS) personnel, police officers, and dispatchers—routinely confront life-threatening situations, traumatic events, and prolonged occupational stress, placing them at heightened risk for mental health disorders and suicidal behaviors. Along with these challenges, the dangers of the job claim the lives of first responders every year.

EVERY THURSDAY 12 NOON & 5 PM EASTERN

We set aside this time to recognize and honor the men and women who serve as Police Officers, Firefighters, Paramedics, EMTs, and 911 Dispatchers. We thank them for their selfless service, courage, and dedication to keeping our communities safe.

WHY WE DO IT

We believe our first responders are men and women who routinely put the needs of others before their own. Their courage, dedication, and sacrifice deserve to be recognized and encouraged—not just on a holiday, but throughout the year. This special time is our way of saying “Thank You” and letting them know they are cared for, appreciated, and remembered in our prayers.
